

National United University
Department of Chemical Engineering
Announcement for Recruitment of Part-Time Faculty

I. Number of Positions:

Several part-time faculty members at the Lecturer or Assistant Professor level (or above) are sought to teach in the International Industrial Talents Education Special program (INTENSE program).

II. Starting Date of Appointment: August 1, 2026.

III. Qualifications:

Applicants must hold a Master's or Ph.D. degree in Chemical Engineering, Chemistry, or related fields from a domestic or international university.

Candidates must be capable of teaching chemical engineering courses in English.

A bachelor's degree in Chemical Engineering is preferred.

IV. Courses to be Taught: Chemical Engineering-related courses.

V. Application Materials:

1. Curriculum vitae (please follow the format of the NSTC researcher profile).
2. Copy of degree certificate or proof of expected degree completion.
3. Official transcripts of undergraduate and graduate studies.
4. Proposed course titles and syllabi for undergraduate and graduate levels.
5. Any additional supporting documents relevant to the review.

Notes:

All submitted documents will not be returned; please keep copies for your records. Appointment will follow the relevant personnel regulations of National United University.

Applications via email will not be accepted.

VI. The selection process will be based on document review; shortlisted candidates will be invited for an interview.

VII. Applicants must submit all required documents by registered mail before April 21, 2026 (postmark date will be regarded as proof). Please indicate "Faculty Application" on the envelope.
